## SUMMARY

I am a tech-savvy individual with a Bachelor's degree in Computer Systems, specializing in Software Development. Proficient in developing PHP websites using Laravel framework, including REST API integration. Passionate about learning and continuously improving my knowledge and skills. As a freelance web developer, I have successfully handled over a dozen clients, delivering tailored solutions and exceeding expectations. Currently, I am expanding my skills by learning Go, Vue.js, and React.js through various online resources such as video tutorials and forums.
